Death in the Snow

—Photo by Bland.

TWISTED, MANGLED RUINS of cab of heavy tank truck which became flaming tomb for two occupants lies in field three-quarters of mile from where tanker and speeding eastbound CNR freight met at level crossing on outskirts of Stony Plain yesterday. Two boys

inspect truck's charred wreckage in which two oil company workers died. Freight with blazing cab wrapped around front and halted on down track and men removed. One was dead and other died 10 hours later in hospital.

Chemical Engineer Says Explosion Caused by Gas

By Barney McKinley

LEDUC, Dec. 1.—A qualified chemical engineer today told the jury at the inquest into the Leduc disaster, Nov. 11, that the blast which wrecked the hotel was caused by an explosive accumulation of gas.

Britain Needs More Ships To Import Goods

LONDON, Dec. 1.—(Reuters)—The government may have to re-equip ships to bring in the quantities of Russian grain, American coal and other needs, some ship owners said here yesterday.

To date, the government has succeeded in chartering ships for only 120,000 tons of the 800,000 tons of grain that it has bought from Russia, and for only 15,000 tons of the 2,000,000 tons of coal that it wants to buy from the United States.

Business Section Burned In Fire

THESSALON, Ont., Dec. 1.—(CP)

—Fanned by a strong wind, fire last night destroyed six business establishments in a downtown block, causing damage estimated at more than \$600,000. Thirty-two persons fled to safety from the buildings and four apartments over the shops.

Thessalon is about 45 miles south of Sault Ste. Marie.

THESE STEAKS WILL COME PLENTY HIGH

CHICAGO, Dec. 1.—(CP)

In 1950 when they sold the first grand champion steer at an International Livestock Exposition auction, the animal brought \$150 a pound.

Yesterday the grand champion sold for \$12 a pound—\$1.50 a pound less.

It took just 45 minutes of bidding to knock down Big Spring Special, a 1,625-pound steer, to hotelman Albert Pick. The total money of \$12,300 is \$1,500 less than the grand champion steer sold at Texas Hereford, bought last year by Big Spring Special. It is a lighter animal.

Canada Will Subsidize Worker Immigrants

OTTAWA, Dec. 1.—(CP)

A plan to stimulate immigration to Canada through government-subsidized air transport for prospective European immigrants was announced today by Immigration Minister Harris.

The plan will be carried out through arrangements made between the government and Trans-Canada Air Lines.

Mr. Harris said in a statement immigrants may travel to Canada on TCA flights from the United States at a cost to them not exceeding \$160, which is equivalent to the cost of tourist-class passage by sea.

The air line will receive the remainder of the regular air fare of \$383.25 from the Canadian government.

HAS FALLEN OFF
—This new move to stimulate immigration to Canada has been taken in view of the scarcity of available shipping on the North Atlantic, the minister said.

There has been some government concern here over falling new arrivals.

Civil Servants' Hospital Scheme Effective Today

OTTAWA, Dec. 1.—(CP)

A group hospital-medical insurance plan for federal civil servants goes into effect today. The plan is designed to cover 150,000 employees of the public service across Canada.

Those who join the civil service for the entry coupon in the Bulletin today will have to wait six months before becoming eligible to receive benefits under the plan.

Die in Road Crash; Cave-In Traps 2 Men

War Now Critical, Not Hopeless

MacArthur Gives Views on Present Korea Situation

WASHINGTON, Dec. 1.—(AP)—Gen. Douglas MacArthur said today the military situation in Korea is serious and critical but not hopeless.

He added, however, that he regards as "an enormous handicap, without precedent in military operations," the United Nations restrictions against unlimited pursuit of the Chinese Communists and aerial attacks on their Manchurian bases.

MacArthur made the statements in a copyrighted interview with the magazine U.S. News and World Report.

Editors of the magazine in Washington put this question by cable to MacArthur in Tokyo:

Would you describe the present situation as a tactical and serious, but not hopeless?

MacArthur replied: "Yes, definitely, unless one completely discounts the combined resources of the five nations engaged in the conflict in the Korean conflict."

MacArthur said today he is "in agreement at this time" for him to comment on the possible use of the atom bomb in the Korean conflict.

President Truman said yesterday active consideration is being given to use of the atom bomb if necessary. Although its use has not yet been authorized so far.

MacArthur said there is no sign that Russian divisions are being mobilized on the Siberian border.

The magazine made MacArthur's candid comments available for immediate publication. They will not appear in the magazine until next Monday.

HAD TO BE STARTED
MacArthur said he expected the now bogged-down winter offensive of the United Nations forces in Korea to be a "decisive action" when he ordered it started Oct. 20.

He said the offensive was the only one which the situation permitted.

If he had waited until spring, MacArthur said, the Chinese Communists would have had an opportunity to stem their forces for a demolishing attack.

A-Bomb Use Not Necessary
TOKYO, Dec. 1.—(AP)—Gen. MacArthur's top intelligence officer said today the United Nations situation in Korea is not desperate and implied the atomic bomb is not needed to stem the Chinese Communist tide.

MacArthur's Chief of Staff, William H. Tunner, said the critical situation of the Eighth Army in the northwest sector is being stabilized.

The 10th Corps forces in the northeast, he added, are holding their own.

His statement came at a briefing of war correspondents here as retreating U.N. forces while the Duke was in England.

Dunham has taken the Duchess to the seashore night spots several times during the past week. One New York columnist hinted that there was a rift between the Duke and the Duchess.

Dunham said he wasn't "at all surprised" at the gossip or the comments of the columnists. He said he's absolutely nothing against her, but he's not a fan of hers either. He said he's not a fan of hers either.

PRIME MINISTER ATLEE

... Going to U.S.

Atlee, U.S. President Will Confer

WASHINGTON, Dec. 1.—(UP)

President Truman and British Prime Minister Clement E. Atlee will meet here in the next few days to try to halt the drift toward a third world war.

Before leaving London, Atlee will confer tomorrow with French Premier Rene Pleven and Foreign Minister Robert Schuman.

"I shall have no time in going over to the United States," Atlee told a cheering House of Commons last night.

The two chiefs of state undoubtedly will discuss every phase of the world crisis created by Communist China's mass invasion of Korea.

The White House said the two leaders will discuss the desperate situation of the Korean war and "other problems."

HEAVY AGENDA
High on the conference agenda undoubtedly will be:

1.—Use of the atom bomb.
2.—The permanent of Western Europe.

3.—Co-operation between the United States and Great Britain and other Atlantic Pact nations to meet the threat to world peace.

4.—Overall placement of the military strength of the Western democracies.

THIRD MEETING
The British government, according to reports, has not been completely satisfied with General Douglas MacArthur's handling of the Korean war.

West Setting Up Unified Force
WASHINGTON, Dec. 1.—(UP)

North Atlantic military chiefs will today begin talks to set up a unified defense force headed by General Dwight D. Eisenhower, informed sources said today.

New York Gossip Columns Link Playboy and Duchess
NEW YORK, Dec. 1.—(UP)

Playboy's "Jimmy" Donahue, cousin to Barbara Hutton and heir to Woolworth millions, said today in reply to gossip columnist comment, that there was "nothing wrong" in his courtship of the Duchess of Windsor about seven while the Duke was in England.

Dunham has taken the Duchess to the seashore night spots several times during the past week. One New York columnist hinted that there was a rift between the Duke and the Duchess.

Dunham said he wasn't "at all surprised" at the gossip or the comments of the columnists. He said he's absolutely nothing against her, but he's not a fan of hers either. He said he's not a fan of hers either.

There's always a lot of talk when you take someone out as prominently as the Duchess," he said. "But there's absolutely nothing wrong between us, or as far as the Duke is concerned. The Duke and I are good friends and he knows that I have been taking her out."

He said any rift between the Duke and the Duchess was simply "not true."

"I can guarantee that there's no possibility of any misunderstanding between them," he said. "They are a devoted couple and they always will be. The Duchess

Train Hits Truck, Oil Workers Killed

A spectacular smash in which the flaming wreckage of a heavy tanker was dragged three-quarters of a mile down the track by a CNR freight train killed the lives of two young oil workers yesterday.

The double tragedy occurred at 1:15 p.m. at a level crossing just east of Stony Plain.

DEAD ARE:
Joseph Van Pettingham, 21, formerly of Saskatchewan;
Gordon Kreye, 23, Stony Plain.

The three-ton tanker, driven by Pettingham, was struck broadside by the eastbound freight. The twisted, tangled wreckage of the truck was wrapped around the front end of the engine and dragged three-quarters of a mile down the track before it halted.

Shortly after the crash, the cab of the truck burst into flames.

Witnesses said the tanker was moving south across the tracks when it was hit by the speeding freight. It is believed the driver had not seen the train.

"It seemed as if there was only the sound of a crash, then a puff of smoke and the whole cab burst into flames," said one witness.

DIES INSTANTLY
Members of the train crew removed both bodies from the wreckage. Pettingham was dead and Kreye was badly burned.

Rushed to Royal Alexandra hospital by Smith ambulance, Kreye was placed on the operating table, suffering second and third degree burns about his body and a broken jaw.

He died at 5:30 a.m.

When the collision occurred, the rear wheels and tank of the truck were torn away. The train did not stop. The cab became twisted and scoured itself around the front of the locomotive—a blazing inferno for its two prisoners.

INQUEST TONIGHT
A preliminary inquest on both bodies will be held tonight by Dr. H. M. Connor, provincial coroner. Both men were employees of the Garry Drilling Company, Edmonton.

Engineer of the freight was H. W. McConnell, 1247-120 street.

Draft Bill Stall Attempt Defeated
CANBERRA, Dec. 1.—(Reuters)

A Labor party attempt to stall the Australian government draft bill has defeated here last night. The bill provides for compulsory military training for 18-year-olds.

The Labor opposition lost a motion in the House of Representatives to have it referred to an all-party committee of inquiry.

Glass Silver Kills Girl, 14, at School
UPPER DARBY, Pa., Dec. 1.—(UP)

—Marybeth Wickersham, 14, was killed yesterday when she bumped into a glass door of the high school gymnasium and was struck in the heart by a stove of broken glass.

came here ahead only because she had to see her aunt, who is ill and because the Duke had to remain in England to finish his book. He should be over to join her shortly.

A spokesman for the Duchess said: "When the Duchess decided to visit Duke Dec. 5,

before the Duke could get away, he asked Jimmy Donahue if he would look out for her until he got here. He has to leave her place and take her home. Donahue is an old friend of the Duke's."

He said the Duke called from England Wednesday and would arrive before the Duke could get away.

JIMMY DONAHUE
DUCHESS OF WINDSOR

WORDS OF COMFORT for Ronger, big Labrador retriever seized for non-payment of feed bill, are voiced by three-year-old Karen Kilgallen. Ronger was seized by Sheriff A. Simpson, KC, after dog's owner, C. B. Freeland, 10404-152 street, failed to pay dog food bill. Sheriff has posted notices announcing sale of dog by auction. Dog is kept at Rodwood Kennels, 12122 St. Albert Road.

NEW CONTEST Bulletin Offering Prizes For Knowledge of Safety

A boy or girl who knows all the rules of safety will be wearing a new pair of skates soon.

The skates are one of the prizes the Edmonton Bulletin is offering in the first of a series of contests for Edmonton Bulletin Safety Club members, starting next week.

The contest will be based on rules of safety and all club members will be eligible to take part. Contest starts Monday and will be staged every two weeks in the Bulletin.

Winners of each contest will be

awarded prizes of skates, skis and crokinole sets.

Contest will be open to club members only.

So tell your friends, if they are not already members, to watch for the entry coupon in the Bulletin Monday and to send it in.

The big contest is open to boys and girls in town and country as well.

There are already 8,000 members in the Bulletin Safety Club, which was formed last year. The contest itself will be sim-

Premier Plans Trip to Ottawa

Mr. Manning Will Attend Federal-Provincial Meeting

Premier Ernest Manning is leaving tonight for Ottawa to attend the Dominion-Provincial fiscal conference and the conference on constitutional changes that will follow.

Also going out for the conference as Alberta delegates are: Hon. Dr. W. W. Cross, minister of health and public welfare; A. H. Miller, deputy minister of the department; K. J. Hawkins, deputy provincial treasurer; C. K. Buckle, provincial auditor; Hon. Lucien Maynard, K.C., attorney general; and H. J. Wilson, K.C., deputy attorney-general.

Hon. N. E. Tanner, minister of mines, minerals, lands and forests, will be acting premier during the absence of Premier Manning.

The conferences are expected to last all of next week.

Olds Election Cost \$3,000

Recent by-election in Olds, won by Social Credit candidate F. J. Nield, cost the province \$3,000. O. A. McArthur of Huxley, returning officer, submitted the election accounts to chief electoral officer Robert A. Anderson today. Of a total of 3,776 votes, there were 174 spoiled ballots. There were 7,339 qualified voters participated in 7,175 in 1948. The by-election was made necessary through the death of Norman C. Cook. Defeated candidate was Liberal nominee Martin Winter.

CPR Officials Here for Talks

Two out-of-town Canadian Pacific Railway officials arrived in Edmonton today to confer on routine business.

C. J. Jones, general superintendent, Alberta district, Calgary, will meet with local officials. H. L. Profit, tax and lease agent, western region, will meet with city council members here this afternoon.

World Production Record Claimed For East Cow

SCHOMBERG, Ont. Dec. 1.—(CP)—A two-year-old purebred Holstein cow owned by Cecil Atkinson and Son, in excellent form with a world record for milk production. Orchard Vale Laura Texas's production of 22,065 pounds during 395 days from two milkings a day has been registered by the Holstein-Friesian Association of Canada.

It contained 78 pounds of butterfat, with an average test of 3.54 per cent—third highest recorded in Canada in this class.

Leaving Town!
Most well known 1 1/2 story white riding house in New Glenora. Extra large living room and bedroom, dining room, kitchen and bath. Bedrooms furnished with new furniture. Beautifully landscaped grounds. Home completely detached. From \$1,500. Call Mr. J. H. Macdonald, 1111 Main Street, Box 6, Bulletin.

BANKS IN CITY SURPASS MARK

Edmonton bank clearings have done in 11 months this year what it took a full 12 months to do last year. They have passed the billion dollar mark.

At Nov. 30 they stood at \$1,000,351,576. The same date last year they were \$823,512,324, and on Dec. 31 had only passed the billion dollar mark by 20 millions.

New Wing Begun For South Side Canadian Legion

Clarence Norman, secretary of the South Side branch of the Canadian Legion, has announced that construction has started on the new extension to the Legion club rooms at 81st Avenue between 194 and 195 streets.

The new wing, which will cost approximately \$45,000, will contain an auditorium, 100 ft. by 50 ft., seating capacity 400 on the ground floor, plus a gymnasium and extension to club facilities in the basement.

The building will be roofed in by the first of the year and is expected to be ready for use in the early spring.

Province Probes Pyramid Clubs

Pyramid clubs are being "investigated" by provincial authorities and the city police, Attorney-General Lucien Maynard, K.C. said today.

Mr. Maynard said he could make no statement as to the legality or otherwise of the clubs until the investigation has been completed.

Nearly 300 Birds Show As Contest Opens Here

Song and beauty are the main attractions at the Oldtimers' ball today.

The fourteenth annual Roller Cany singing contest and Bird-gathering show is on and nearly 300 birds are in the line-up.

Judging will be completed tomorrow morning, when the show will be open to the public from 10 a.m. to 9 p.m. Eighty-five budgerigars and 300 roller canaries are here for the show—largest entry in history.

Birds have been shipped from all across Canada to the show, which is sponsored by the Edmonton Roller Cany and the Edmonton Budgerigar societies.

Judge of the roller canary show is Frank LaJoy, of Portland, Ore. While A. Sheriff, of Idaho, is judge of the budgerigar show.

Riverdale Club Seeks Entry To Puck League

Riverdale Junior Hockey League is applying for entry into the Federation of Community Leagues four-division city-wide hockey league.

The application was decided on by the league executive at a meeting held this week.

A program for the skating rink is being drawn up in preparation for the opening of the rink on Dec. 8 at 8 p.m.

Next meeting of the league will be held in the Community Hall on Dec. 4 at 8 p.m.

Hail storms in the United States cause several times as much damage as tornadoes. Hailstones as big as baseballs have been known to kill people.

1,600-Mile Cattle Haul From City Seen Record

A new record for long-distance hauling of cattle from Edmonton may be set within a few days by two Iowa cattlemen who left this city today with a truckload of calves—their destination 1,600 miles away.

The two men are John Cashen, Oelwein, Iowa, who bought the calves from Walter R. Williams, a local cattle buyer, and Cashen's truck driver, Gerald Lohman, Independent.

Cashen stated that he usually buys cattle in Nebraska, but that he had decided to make the long trip to Edmonton this year because of more favorable prices here.

They expect to reach their destination at Minot, N.D.

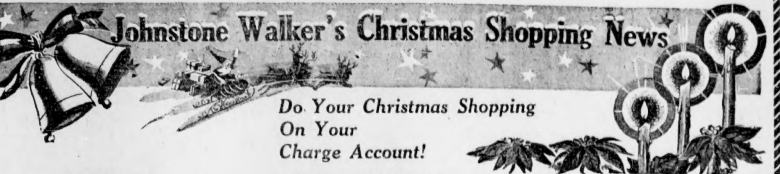

Fire Engine Delayed

MANNVILLE, Dec. 1.—Mannville Village Council reports that delivery of the new fire engine, which was promised for October 31, has been held up indefinitely. Word has been received from the La France Fire Engine Co., who received the order for the machine, that production is at a standstill pending release of special metals required from the United States.

Production, however, is about three days. Shipment comprises 50 calves. Lohman said they would drive by way of southern Saskatchewan and would cross into the United States at Minot, N.D.

Property Qualifications

It will be a very great pity if the city council's apparent retreat into formalism and its apparent fear of legal complications should oblige a bold and positive stand in favor of the abolition of property qualifications for mayor and aldermen and, in all consistency, of those same qualifications for voters in municipal bylaws.

The fact that the Edmonton-Strathcona Amalgamation Act of 1912 contains provision for property qualifications for South Side aldermen need not concern the city council at all.

It will not be the city council that abolishes property qualifications. It will be the legislature.

And since the legislature also passed the 1912 Amalgamation Act, it is a reasonable assumption that the legislature will take steps, on the advice of its legal department, to reconcile the terms of the two acts.

The city council has never been asked to pass on the legality of the proposed abolition of property qualifications. That is entirely the concern of the legislature.

What the city council is asked to do is to pass on the desirability of the abolition as a matter of principle.

It is reported that the adoption of a system of drivers' tests in Alberta has been considered by a caucus of Social Credit members of the legislature.

It has been reported frequently that the government is lukewarm on the subject because the predominantly rural membership of the legislature has created the impression that farmers are opposed to this test.

We believe the government, in this respect, is misinformed.

We believe that this supposed objection of the farmers which is the only possible reason the government could have for rejecting a measure of such proved efficiency in the reduction of traffic accidents, is almost entirely mythical.

Farmers, as a class, so far surpass the average city dweller in the efficiency and skill of their driving that, it seems absurd to suppose that they would do other than welcome such a proof of their proficiency.

It is entirely wrong for the council, therefore, to retreat from this consideration because of an aspect of the situation which has nothing whatsoever to do with the mayor, commissioners or aldermen.

The delay involved in throwing the whole matter back into the lap of the by-laws committee is inexcusable because the point involved is of highest interest to every citizen of Edmonton.

The citizens are not so deeply interested in the abolition of property qualifications for mayor and aldermen.

But they are deeply interested in the abolition of property qualifications for voters on financial questions which would be the consistent sequel to the former abolition.

They are vitally interested in this point because the present system rests upon certain suppositions that are entirely obsolete.

These suppositions are:

1. That property ownership is requisite to sound and responsible citizenship.
2. That rentpayers do not contribute to the city treasury and have no financial stake in the city.

These postulates are false and archaic. The city council should act promptly to make them known as such.

2. That property ownership is requisite to sound and responsible citizenship.

The farmer is a better driver because he is more intimately familiar with machinery. He knows exactly what his car will do and he knows exactly what he can do with his car.

This familiarity with machinery gives him a sense of freedom and assurance that the average city driver can never achieve.

He is much less likely to be temperamental or exhibitionist on the road. He is much less likely to be afflicted by nerves.

The Alberta government, as anyone who can count money, depends upon the good will of farmers for its continuance in office.

If it is courting the good will of farmers, it is courting the good will of the city.

Farmers would hardly be likely to really oppose driving tests when such tests would reveal the farmers in a position of superiority.

The so-called foreign language radio station seems to bother you. It is your privilege to turn the dial a little more and listen to the one language you understand.

Also a REGULAR READER. Spruce Grove.

Investigation Requested. Editor, Bulletin—I have been following newspaper reports and statements given to the press pertaining to the disastrous train wreck at Canoe River where 20 men lost their lives.

The Canadian National Railway superintendent issued a statement to the press that three words of a train order had been omitted from the order received by the troop train crew.

The order as printed in the daily newspapers reads: "The troop train will proceed west to Gander where it will wait for the Montreal train No. 4 to pass."

QUESTION—Where was the troop train supposed to wait for No. 4 to pass?

It is inconceivable that the general public and railroad men would accept such a statement or excuse as the cause of the wreck.

Can anyone imagine a conductor, an engineer, brakeman, fireman accepting such an indefinite order as "proceed west to Gander where it is to wait for the Montreal train No. 4 to pass?"

And there he was when events projected him smack into the limelight. Few New Yorkers had heard of him until O'Dwyer went down to the bottom.

He served as a union clerk, and then was for eight years, a hard-working assistant district attorney. Later he was secretary to two New York supreme court justices. In 1945, O'Dwyer handed picked him to be his running mate for the Democratic ticket.

And there he was when events projected him smack into the limelight. Few New Yorkers had heard of him until O'Dwyer went down to the bottom.

Drivers' Tests Are Considered

It is reported that the adoption of a system of drivers' tests in Alberta has been considered by a caucus of Social Credit members of the legislature.

It has been reported frequently that the government is lukewarm on the subject because the predominantly rural membership of the legislature has created the impression that farmers are opposed to this test.

We believe the government, in this respect, is misinformed.

We believe that this supposed objection of the farmers which is the only possible reason the government could have for rejecting a measure of such proved efficiency in the reduction of traffic accidents, is almost entirely mythical.

Farmers, as a class, so far surpass the average city dweller in the efficiency and skill of their driving that, it seems absurd to suppose that they would do other than welcome such a proof of their proficiency.

It is entirely wrong for the council, therefore, to retreat from this consideration because of an aspect of the situation which has nothing whatsoever to do with the mayor, commissioners or aldermen.

The delay involved in throwing the whole matter back into the lap of the by-laws committee is inexcusable because the point involved is of highest interest to every citizen of Edmonton.

The citizens are not so deeply interested in the abolition of property qualifications for mayor and aldermen.

But they are deeply interested in the abolition of property qualifications for voters on financial questions which would be the consistent sequel to the former abolition.

They are vitally interested in this point because the present system rests upon certain suppositions that are entirely obsolete.

These suppositions are:

1. That property ownership is requisite to sound and responsible citizenship.
2. That rentpayers do not contribute to the city treasury and have no financial stake in the city.

These postulates are false and archaic. The city council should act promptly to make them known as such.

2. That property ownership is requisite to sound and responsible citizenship.

The farmer is a better driver because he is more intimately familiar with machinery. He knows exactly what his car will do and he knows exactly what he can do with his car.

This familiarity with machinery gives him a sense of freedom and assurance that the average city driver can never achieve.

He is much less likely to be temperamental or exhibitionist on the road. He is much less likely to be afflicted by nerves.

Prudham to Federal Cabinet?

Another story comes from Ottawa, based on "reliable sources," that George Prudham of Edmonton is to be taken into the federal cabinet shortly as minister of mines.

The appointment would be an excellent one because Alberta's oil deposits render this province vitally important from a mineral standpoint, and because Alberta needs cabinet representation in the house of commons.

It is inconceivable that the general public and railroad men would accept such a statement or excuse as the cause of the wreck.

Can anyone imagine a conductor, an engineer, brakeman, fireman accepting such an indefinite order as "proceed west to Gander where it is to wait for the Montreal train No. 4 to pass?"

And there he was when events projected him smack into the limelight. Few New Yorkers had heard of him until O'Dwyer went down to the bottom.

He served as a union clerk, and then was for eight years, a hard-working assistant district attorney. Later he was secretary to two New York supreme court justices. In 1945, O'Dwyer handed picked him to be his running mate for the Democratic ticket.

Letters to the Editor

Should Have Prayed. Editor, Bulletin—This is directed to a Regular Reader. Well, Mr. Regular Reader, if you were so intent on keeping two minutes' silence at the eleven o'clock service at the city hall, I don't think it would have been any surprise if you had seen your head and saw a little prayer for those poor boys, instead of finding your head, finding something to criticize?

The so-called foreign language radio station seems to bother you. It is your privilege to turn the dial a little more and listen to the one language you understand.

Also a REGULAR READER. Spruce Grove.

Investigation Requested. Editor, Bulletin—I have been following newspaper reports and statements given to the press pertaining to the disastrous train wreck at Canoe River where 20 men lost their lives.

The Canadian National Railway superintendent issued a statement to the press that three words of a train order had been omitted from the order received by the troop train crew.

The order as printed in the daily newspapers reads: "The troop train will proceed west to Gander where it will wait for the Montreal train No. 4 to pass."

QUESTION—Where was the troop train supposed to wait for No. 4 to pass?

It is inconceivable that the general public and railroad men would accept such a statement or excuse as the cause of the wreck.

Can anyone imagine a conductor, an engineer, brakeman, fireman accepting such an indefinite order as "proceed west to Gander where it is to wait for the Montreal train No. 4 to pass?"

And there he was when events projected him smack into the limelight. Few New Yorkers had heard of him until O'Dwyer went down to the bottom.

Exchange Function

Editor, Bulletin—My understanding is that trading in wheat at the Grain Exchange in Winnipeg was shut down, back in 1945.

Against this background fact, what is the purpose in remarks such as the following, which I quote from your market report: "The Winnipeg grain market is now a cash market. It is no longer a futures market. It is no longer a market for speculation. It is a market for the exchange of wheat for money."

It would be interesting to learn just what relationship the Winnipeg grain market has to the exchange of wheat for money, and what are the services rendered—if any—by the Winnipeg grain market.

It would be interesting to learn just what relationship the Winnipeg grain market has to the exchange of wheat for money, and what are the services rendered—if any—by the Winnipeg grain market.

Street Car Behavior

Editor, Bulletin—Your article about "Caldwell Bus Wild in Buses and Cars" is well placed and it is about time someone forced the E.T. System to act.

Don't stop with this one article but let us continue the onslaught until they wake up. Your articles can get the publicity required.

Yours for Behavior in Street Cars

Slips. Social note in the Freeman Weekly: "Hazardous for several days at the Pastor and Mrs. Blank home are Mr. and Mrs. Smith."

They Said. Singer Jane Harvey on how to spot a wolf: "The wolf is a little black book full of cancelled checks."

Columnist Cedric Adams said "There was overhead in a nudist camp: 'I'm returning from the I'm afraid we've been seeing too much of each other.'"

Russian Logic. A propagandist, lecturing young German Communists on Russian logic (according to columnist by Gardner), used a grasshopper as an example.

"You see," he said triumphantly, "this is a perfect example of Russian logic—if you hear the legs off a grasshopper, it loses its sense of hearing."

Definition. Diplomacy: the art of calling a spade a towel.

"Anything to declare, madam?" was the routine question asked of a feminine traveller.

"No," she replied, "not a thing."

"Then say it," he said, "madam," the official went on, "that the fur hat hanging down there is under your coat is your own."

Question Box. What a fireflies light up. There's the way a lady firefly attracts her husband.

Building Contractor (at a meeting): "Ladies and gentlemen, you may not use public speaking, but you can use the scaffold."

One of the pickers of the party, pulled a wire and touched the light.

Three-Cent Mousetrap Goes Back to Maker

Build a better mousetrap? Not if the old one can be repaired. A man in Trinidad bought a mousetrap. "Made in England," it cost three cents but when he put it in the house, it didn't work.

He took it to the British trade agent who tried to fix it but couldn't. The agent sent it by air mail to the box of the mousetrap maker, who sent it back by air mail to the British trade agent.

A director of the firm said he was "amused" it hadn't worked. It was a "million," "you said."

The technical officer left with a new mousetrap and a new mousetrap. The old one is in Trinidad. The old one is in Trinidad. The old one is in Trinidad.

It would be interesting to learn just what relationship the Winnipeg grain market has to the exchange of wheat for money, and what are the services rendered—if any—by the Winnipeg grain market.

5 Red China Issue Awaits Outcome of Big Parley

By Bruce W. Munn
Special to The Bulletin

FLUSHING, N.Y., Dec. 1.—(UP)—The western powers marked time on the Chinese Communist issue today pending outcome of White House conferences between President Truman and British Prime Minister Clement Attlee.

activity met in preliminary session to discuss threats to Greek independence. It was highly unlikely that the United States will bring a charge of Chinese aggression in Korea before the 60-nation group while the chiefs of the two major Western Powers were preparing a policy conference.

Russia made it possible to take the charge to the General Assembly when it cast three vetoes in the Security Council last night to block passage of a six-power resolution which would have ordered the Chinese Communists out of Korea. The resolution gained a 9-1 vote with India abstaining.

But American sources indicated the assembly would not be asked to add the issue to its agenda immediately. It was probable that no action in the veto-free "Town Meeting of the World" would be sought before early next week.

SUPPORT COOLS

One of the possibilities was an Indian idea for the UN to call upon both the Chinese Communists and the Allied forces to respect an armistice line to be drawn on the Korean battlefield.

This proposal, from which grew the widely-discussed idea of creating a demilitarized buffer zone along the Korean-Manchurian frontier, was understood to have been circulated among UN delegations informally.

League to Meet
A general meeting of the Central Community League will be held

tonight at 8 o'clock in St. Mark's d. Anglican church hall. President Jack Ried will discuss the program for the coming season.

10 Die When Halifax Dept. Store Is Razed

By Irving C. Whynott

HALIFAX, Dec. 1.—(CP)—Firemen probed the ruins of a gutted department store today to determine if more than 10 persons died in a spectacular blaze started when a gaily-lit Christmas window-display burst into flames.

Ten bodies were recovered last night from the ruins of the four-story Kay's Limited building on Lexington street. Halfway up the side of the building, the cries of a woman trapped on the smoke-filled third floor.

Harrington street Halifax's main thoroughfare.

Police listed the known dead as: Mrs. Robert Sullivan, 24; Marion Moser, 17; William Henry Bundy, 51; and his son, Milton; Mrs. Alan Robar, 24; Dorothy Mills, 24; Joseph McEachern; Ada Grey, 67; Mrs. Alfreda Peach and Mrs. Annie Carter.

"We cried come here, come here, but she called back no, no," they said. They could not find her through the dense smoke.

The fire marshall's department said an investigation would be held. The store had only one exit and no sprinkler system.

An early report that an explosion had preceded the fire was denied by investigators.

OTHERS ESCAPE

A youth led five others to safety. Three more stumbled through the front entrance seconds after the building burst into flames.

On their way, they heard the

Premier Raps Ottawa Move

Dismissal of the appeal of seven provinces against a 20 per cent freight rates increase was termed "wholly unreasonable" by Premier Ernest Manning today.

Said Premier Manning: "The attitude of the federal government is wholly unreasonable in view of the injustices caused to the provinces concerned."

"The repeated refusal of the federal government to recognize the justice of the claims of the provinces is damaging public confidence in the handling of freight rates."

The premier added he would like to study the full text of the government decision before commenting further on the case or on what action, if any, the Alberta government might take in view of the federal decision.

Matric Level Seen Higher

Matriculation standards for entrance to the University of Alberta are under consideration at the semi-annual meeting of the provincial general curriculum committee now sitting in the legislative buildings.

Dr. H. W. Swift, deputy minister of agriculture, delivered a report on progress of the joint departmental-university committee on matriculation, and said that revision was under consideration.

It is believed requirements for entrance to university will be raised, although Dr. Swift would not confirm this because the matter is still under discussion.

The general curriculum committee is headed by M. L. Watts, director of curriculum.

Damage Slight As Bow River Overflows Ban

Overflows Banks
—CALGARY, Alta., Dec. 1.—(BUP)—The ice-jammed Bow river spilled over its banks early today and flooded eight blocks in the eastern part of the city. Property damage runs balloned light.

Police immediately prepared to evacuate residents of the flooded area, but the water began receding about dawn, and the move was not

The icy water flowed a foot deep in some blocks, police said. Automobiles parked on the streets were frozen to the spot.

Joint Dinner Here

The annual joint dinner of the Association of Professional Engineers of Alberta, Edmonton branch of the Engineering Institute of Canada and the Northern Alberta branch of the Canadian Institute of Mining and Metallurgy, will be held in the main dining room of the Macdonald hotel tonight at 6:30 o'clock.

Britons to Attend Alexander Debut

young Britons will leave by ship in mid-December to attend a post-Christmas coming-out party for Rose Alexander, 18-year-old daughter of Canada's governor-general. The visitors expect to stay in Canada until late in January. They include Lord Hambleden, 20, and Barbara Bevan, younger sister of Princess Margaret's lady-in-waiting, Jenniffer Bevan.

\$243,746 Deficit Shown As CBC Finishes Year

The corporation, which had a deficit of \$43,449 in 1948-49, said the increase in costs outstripped the increase in revenues.

The report, submitted to the government by A. D. Dunton, CBC chairman, said that during the year the CBC had operated "under conditions of uncertainty about its basic financial position in the future."

PREVIOUS REPORTS

"Either the revenue basis would have to be changed or services of the system would have to be heavily subsidized."

The report mentioned that the royal commission on arts and science now is studying recommendations on ways to finance the CBC in the future.

U.S. Policy in Korea

discussions to Greeks. The United States will bring a charge of Chinese aggression in Korea before the 60-nation group while the chiefs of the two major Western Powers were preparing a policy conference.

Russia made it possible to take the charge to the General Assembly when it cast three votes in the Security Council last night to block passage of a six-power resolution which would have ordered the Chinese Communists out of Korea. The resolution gained a 4-1 vote with India abstaining.

Alberta Oil Production Shows Jump

OTTAWA, Dec. 1.—(CP)—Canadian production of crude petroleum and natural gasoline rose 10 per cent in the month ending in September, the Bureau of Statistics said today.

All-Canada output in September amounted to 2,724,985 barrels, against 2,467,250 a year earlier. During the nine months ended Sept. 30, 25,285,851 barrels were produced, compared with 22,780,232 in the same period of 1949.

Wells in Alberta accounted for 2,682,719 barrels in September, compared with 2,051,350 a year earlier. Output from Redwater rose sharply to 1,067,723 barrels from 825,251 while production from Leduc was moderately higher at 853,422. Output from Lloydminster increased to 61,537 barrels from 61,073, while production from Turner Valley dropped to 257,408 from 315,464.

GAS INCREASES

Output from wells in Saskatchewan was announced to 85,516 barrels, compared with 73,326 in September last year. Ontario, 21,264 barrels, compared with 22,886. Northwest Territories, 13,740 barrels compared with 14,072.

September output of natural gas amounted to 4,512,743,000 cubic feet, compared with 3,774,533,000 a year earlier, bringing the cumulative total for the nine-month period to 44,600,671,000 cubic feet against 43,410,400,000 last year.

6 'Spies' Get Death Penalty

HONG KONG, Dec. 1.—(CP)—Six Chinese accused of smuggling news out of Red Canton have been sentenced to death for "military espionage" by the pro-Communist Kuomintang reported today.

They were to be shot this morning. Eleven other persons were sentenced to five to 15 years in prison on similar charges. The Kuomintang said the "military espionage" was carried out by three former nationalist generals who were executed in Canton. They had joined the Reds when the city was occupied but "instead of repenting they plotted an escape to Peking," a dispatch said.

Labor Leader Dies In East

TORONTO, Dec. 1.—(CP)—Sir James Hendrick, Canadian vice-president of the Brotherhood of Railway Employees since 1929 died yesterday. He was 66.

Born in Liverpool, England, he came to Canada in 1892 and became a brickman. He worked the Grand Trunk Railway in 1903. Later he worked for the Canadian Pacific Railway in Medicine Hat, Alta.

He served for seven years as boss of the team of men who broke the grievance committee of Fort William until elected vice-president in 1929. Among his survivors is a son, Marshall, of Winnipeg. Interment will be in St. Mary's.

Survey May Change Post

PORT SMITH, N.W.T., Dec. 1.—(CP)—The day of one of the world's many imaginary lines was numbered today as a survey plane passed into Alberta's northern wilderness.

Headed by C. B. C. Donnelly, of Ottawa, the party of 20 prepared to "rough it" through the winter while conducting the first ground survey of the 65th parallel dividing Alberta and the North West Territories.

By astronomical observations the men will establish the line of the 65th parallel and define it on the ground through a series of survey monuments.

The surveyors said their work may bring about such a radical change that Fort Smith, located just inside the North West Territories on Slave Lake, may actually be as much as six miles inside Alberta.

Pioneer Resident Dies In City; Funeral Friday

One of Edmonton's pioneer residents, Mrs. Marie-Anne Berube, of 2160-106 avenue, died Wednesday in hospital following a long illness.

She is survived by two sisters, Mrs. J. H. Poirer and Mrs. J. L. Blane, both of Edmonton; four daughters, Mrs. William J. Clark, Edmonton, Mrs. N. L. Levesque, Montreal, and Mrs. Ernest Miller, Montreal; and two sons, Romeo of Edmonton and Philip of Pasadena, Calif.

Funeral services were held in St. Joachim's church today, from 10 to 11 a.m. Burial was in St. Joseph's cemetery. The Rev. J. H. Kitchin officiated and burial was in St. Joseph's cemetery.

Degree Awarded

OLDS, Dec. 1.—Award of a doctor's degree in education from the University of California, to Lovell Elwood Palmer of Olds, was announced recently by university officials.

Dr. Palmer was one of the 24 students who were awarded doctorates in education from the university.

He received his bachelor's of education and also masters in education from the University of Alberta.

Meeting Plans' New Church Construction

Plans for construction of a new church at 113 street and 18 avenue in Strathcona place, are being held at a Western Canada conference of ministers of the Church of Christ here today.

The new church is part of the group's program to set up new congregations in Edmonton, Calgary, Regina and Winnipeg.

The importance of evangelism, Christian education, and stewardship is being stressed at the convention here, held at Central Church of Christ, 113 street and 18 avenue, in relation to meeting the challenge of increased population in our cities and the neglected rural areas.

WINNIPEG CHAIRMAN Leadership in the conference is being provided by Mrs. George H. Stewart of Winnipeg, chairman of the all-Canada committee of the Churches of Christ. O. W. McCully of Toronto, all-Canada general secretary, and Professor M. L. Break-

NEW YORK, Dec. 1.—(AP)—The lawyer for Barbara Hutton said yesterday her estranged husband, Prince Louis Mountbatten, could not expect one penny of her many millions. "The princess has not the slightest idea or expectation of making any settlement whatever on the prince," said Samuel I. Hartman of New York, her counsel in the broken marriage.

Winters Views World Crisis

HALIFAX, Dec. 1.—(CP)—Reverend Minister Winters said today that conditions "on the world front were never more serious than they are now." Speaking at the annual meeting of the Nova Scotia Liberal Association, Mr. Winters added: "But I have enough faith in mankind to know that, by working together we will find our way out of this crisis."

Candidates Compete

ANDREW, Dec. 1.—Andrew Community Welfare Association will hold its annual carnival Saturday and Sunday.

Candidates running for Queen's are: Stephen Gray, Olga Topolnisky, Dorene Gavriliuk, Victoria Yalchuk and Rita Shovelka. Nazar Kuzio is Secretary and N. A. Meynik is president of the association.

Soldiers Go On Leave

CALGARY, Dec. 1.—(CP)—Several hundred members of the 25th reinforcement wing stationed at Currie Barracks, part of the new third battalion of the British Columbia's Canadian Light Infantry, yesterday left by train on embarkation leave.

Officers at Currie barracks said they had few details on the formation of the new battalion but added that members of the reinforcement wing would have three days at home plus travelling time.

U.K. Wants More Canadian Bacon

Federal-Provincial Meet Told Four Times As Much Needed

OTTAWA, Dec. 1.—(CP)—Britain wants more bacon from Canada in 1951—about four times as much as she received in 1950.

Agriculture Minister Gardiner disclosed this yesterday when he told the ninth annual Federal-Provincial agricultural conference that Britain is prepared to purchase 130,000 pounds of bacon from Canada next year.

In 1950, Canada shipped about 35,000 pounds of bacon to the United Kingdom, under a contract which called for shipments of 60,000 pounds.

Mr. Gardiner, declining to disclose the price offered, said it was one which might be considered reasonable under other circumstances. However, because it was not yet at a rise "where it ought to be," he did not believe the actual amount should be discussed.

Other sources said the price offered was about 20 cents a pound, the same Canada received in 1950.

The conference, attended by provincial agricultural ministers, their deputies and advisers and by representatives of farm groups, discussed a wide range of problems on the first of a two-day delegates.

Delegates urged Mr. Gardiner to do everything he can to continue the federal subsidy on the movement of western feed grain and that he consider clarifying federal agricultural legislation in view of the price control decision on marketing.

Some delegates felt that in view of the quantity of low-grade wheat in Canada, steps should be taken to "expand the American market for live pork, thus stimulating the hog industry and utilizing greater amounts of food.

New Communication Opens at Timmins

TIMMINS, Ont., Dec. 1.—(CP)—A new \$200,000 communication building rated as one of the finest on the continent was opened here last night by Col. C. E. Reynolds, chairman of the Ontario Northland Railway Commission. One half of the solid brick structure will house a telephone exchange and the other telegraph facilities.

Ration Cut Seen In British Meat

LONDON, Dec. 1.—(AP)—Britain's meat stocks are so low "it is extremely doubtful if the present ration can be maintained until Christmas," the Meat Trades Journal said yesterday.

British meat ration at present is one shilling, six pence worth of meat weekly.

Boyle Oldtimer Dies of Stroke

BOYLE, Dec. 1.—Funeral was held Monday for S. T. Humberstone, oldtimer of Boyle district who died of a stroke last Wednesday after being unconscious for five days.

Mr. Humberstone, 63, came to Boyle 20 years ago. He was a veteran of the first World War.

Surviving are his wife, two daughters, Mrs. S. Humberstone, and Mrs. V. Humberstone, and six grandchildren.

There are 15,000 miles of railway track in South Africa and South-West Africa.

TOP PERFORMERS IN MGM's latest Technicolor musical, "The Toast of New Orleans." Kathryn Grayson and screen newcomer Mario Lanza with J. Carrol Nash again prove music makes movies with their spectacular singing performances. Picture which tells story of handsome young fishing boat operator and his rise to musical fame, opens Friday at Capitol Theatre.

Fast-Moving Musical Tells Of Rise of Young Singer

"The Toast of New Orleans." MGM's latest Technicolor musical, starring Kathryn Grayson, Mario Lanza and J. Carrol Nash, opens at the Capitol Theatre today.

Setting for the fast-moving musical, which tells the story of a handsome young fishing-boat operator, is that of Louisiana's Bayou country in the year 1885.

It is here at the colorful annual festival that Pope Duvalle, Lanza first faces his eyes upon the beautiful New Orleans opera star, and she becomes his love.

That night, after a festival of singing and dancing in which Lanza sings a duet with Miss Grayson and attracts the attention of David Niven, director of Sunset's opera company, a violent storm destroys the valuable little fishing boat of Lanza's uncle, J. Carrol Nash.

ACCEPTS OFFER

To buy his uncle a new boat, Lanza decides to accept an offer made by Niven to train with his company as an opera singer.

Immediately he and his uncle leave for New Orleans where Lanza discovers — after undergoing a vigorous training in song and dance — that he is a natural.

PERFORMING, Dec. 1.—D. S. Carl was elected president of Fernbach Curling Club at their recent meeting.

Mr. W. R. Watson

Mr. Watson, eminent Canadian author, journalist and lecturer, has just completed another book entitled, "And All Your Beauty", the story of the beauties of Canada from coast to coast.

Edmontonians can well be proud of this man who made his home here from 1923-1933. Although physically handicapped, his brilliant mind and captivating personality set him high in the hearts of all Canadians. Come in and have a copy of "And All Your Beauty," personally autographed by Mr. Watson. He'll be in the Book Department, Main Floor, on Saturday, December 2 from 10-12 and 2-4.

By Jack DeLong

Long Range Forecast

Question: "If winter comes can spring be far behind?"
Answer: Yes. About six and one half months.

All Hooke who holds down portfolio in the Alberta cabinet is just a little matchmaker at heart.
Last night when Social Crediters made merry round the festive board, Alfred and a diabolical cohort just about shamed Gordon Taylor and Chester Sayers into getting married.

Taylor and Sayers are a couple of sharp-looking legislators, who have been avoiding matrimony just because family allowances were introduced by the Ottawa Government.

The warbling Mr. Hooke was aided and abetted in his melodious matrimonial appeal by L. C. Halmrast, M.L.A. of Warner.

Here's the parody that may have wowed Taylor and Sayers into wooing:

How do you do Mr. Taylor
How do you do
The answer to a maiden's prayers,
How they want that you were theirs,
But yours as slow as Chester Sayers,
How can you do.

Wonder what these fellows talk about when they lunch together in the middle of a criminal court case? I mean J. W. R. Shortreed, crown prosecutor in supreme criminal court, and Stewart Purvis, acting for the defence.
Saw these shortcrowns from opposite sides of the "fence" in Mandarin Gardens at noon yesterday.

And by the way, W. J. Shortreed, K.C., father of J. W. R. Shortreed, is expected home shortly from Europe.

Tyrannical club members and members of the quiz clubs are vowing to know why police are picking on them.

One lady phoned to say she belongs to a quiz club that operates on the chain principle of winners moving up to the top of a list. This lady said:

"I see where police are talking about prosecutions. Why pick on us? If they pinch people taking this kind of game why don't they move in on the car raffles, the sweepstakes and the bingo games?"

She was pretty mad because she is only a name or two from the top of the list in her particular club. Next week, if the cops lay off, she expects to collect \$3000.
Denver sandwich item: Had my attention called to fact that in giving out recipe for original Denver sandwich yesterday I neglected to say the thing ought to be fried before eating.

Well I've eaten Denver that weren't cooked at that.

A nice goodnight to all and especially to matchmaker Hon. Alfred Hooke.

POULTRY BAN IS REMOVED

Alberta restrictions on imports of British Columbia poultry were lifted yesterday.

The restrictions were imposed several weeks ago to guard against the spread to Alberta of Newcastle disease, which was prevalent in B.C. flocks. The restrictions were ordered when a number of infected flocks were discovered in Alberta and destroyed.

Man Killed In Freak Accident

CALGARY, Dec. 1. (RUP) — One man was killed and another injured in a freak accident in Calgary yesterday.

Douglas 19-year-old Harry William Bateman, and his brother-in-law, both of Calgary, were killed and injured in a freak accident in Calgary yesterday.

The two men and the plane were riding on the back of a truck. When the vehicle was backing into a parking position, its rear wheels struck the curb, causing the plane to tip.

Alberta Credit Union Membership Now 28,000

Credit union membership in Alberta is now 28,000, with assets totalling \$4,500,000.

These figures were announced last night by George Swales, Calgary, managing director of the Credit Union of Alberta, at a meeting of Edmonton credit union officials at the Corona hotel.

In outlining the growth of Alberta credit unions, Mr. Swales stated that "more people must be educated into the credit union movement and this will be best done by personal contact with various groups."

"While credit unions are autonomous bodies," he said, "they also derive strength through affiliation with the Credit Union National Association."

He noted unexpectedly to Hamilton yesterday, G. Gordon Smith, manager of the Credit Union National Association, was unable to address the group as scheduled.

D. D. Heslop, Edmonton, presided at the meeting.

City Printing Trade Holds Annual Party

Members of Edmonton's printing trade held their fourth annual get-together last night. Fifty members of the Edmonton Allied Printing Company attended the party in the Kingsway Legion Hall.

GIRLS GET MAN

Three High School Girls Capture a Jaywalker

Three Edmonton high school girls pulled down yesterday, "arrested" jaywalker R. N. Saunders and collected a \$5 prize from Edmonton Safety Council.

The three girls are Naomi McIsaac, 1027 - 109 street; Elaine Broderick, 1830-116 street; and Jane Duchinski, 1151 - 124 street.

An assistant city claims agent, Mr. Saunders was seen by the girls crossing against a red light at the intersection of 101 street and Jasper avenue.

The Safety Council is paying prizes of \$5 and \$10 every day this week to people who identify the jaywalkers. Two jaywalkers are arrested each day, during morning and afternoon rush hours.

Yesterday, Safety Council's "Jaywalker of the Day" award went to R. N. Saunders, 1252 - 104 street.

Mr. Brown, a retired CNR alighting superintendent, was seen by council, speaking as he crossed 101 street and Jasper avenue during the noon rush hour.

Mr. Brown collected a \$5 prize.

Sunday Tea To Be Held For Xmas Treat Funds

Planning to play Santa Claus are members of Margaret Duggan sub-division of Catholic Women's League who hold annual Christmas tea Sunday.

To take place at Knights of Columbus club, 10209 100 avenue, proceeds will buy Christmas treats for Good Shepherd home for girls, and aid Cerebral Palsy clinic.

Mrs. May Gardner, president, and Mrs. W. E. Broderick, convener, will greet visitors from 2 to 6 p.m. Those invited to pour are Mrs. D. M. O'Brien, Mrs. Raymond Pringle, Mrs. P. T. Ford, Mrs. Louise Maynard, Mrs. C. P. Patterson, Mrs. Vincent Hamilton, Mrs. Charles R. Baw, Mrs. J. L. McIntyre, Mrs. A. W. Chalmers, Mrs. J. P. Duggan, Mrs. A. J. O'Neill, Mrs. P. R. G. Bourry and Mrs. J. H. Toupia.

ASSISTING
Serving are Mrs. Leslie Upthegrove, Mrs. G. D. Sutherland, Mrs. L. W. Byrne, Mrs. C. E. Browne, Mrs. Joseph Hanley, Mrs. M. Boone, Mrs. J. F. Hall, Mrs. R. C. Legge, Mrs. Arthur Asaley, Mrs. G. M. McMillan, Mrs. J. W. Kneiser, Mrs. J. Bay, Mrs. C. B. Selmer, Mrs. Gertrude Siewersicht, Mrs. Harriet Carver, Mrs. H. H. Burt.

Mrs. Blanche Bernier is treasurer assisted by Mrs. A. P. Loomis.

Cheese Good Source Of Calcium Protein

Health experts regard cheese as a good source of calcium, protein, vitamin A and riboflavin. It should be included in the diet at least three times a week by itself or as a combination with other foods. Incidentally, when planning the day's meals be sure to include foods from every group in Canada's food guide. These groups include milk, fruits, vegetables, cereals, bread and meat. A balanced diet which is necessary for good health requires some of each of these foods every day.

Harriet Stutchbury Heads Girls' Council

Harriet Stutchbury was elected president of the Anglican Girls' Council at a recent meeting. Miss Colman is vice-president. Miss Armstrong, secretary, and Miss Field, immediate past president. Committee members will be elected at the Dec. 18 meeting. The council is made up of leaders of the Anglican girls' groups in the city. Mrs. J. A. L. Smith is division office secretary.

Christmas Eve Oyster Stew

Add chopped parsley to the stew just before serving with paprika. It's a real festive color combination.

Rheumatic Pain So Bad Couldn't Sleep; Suffered for Over a Year

Then within two weeks after starting to take Sarnak, benefits felt, pain eased, disposition improved; feels so well now hopes everyone hears of Sarnak.

Night after night of waking the floor-sleepless and racked with pain—can ruin anyone's disposition and make life seem unbearable.

"I could hardly speak nicely to anyone. I was that miserable!" says Mrs. Annie Ferris, 63 Cameron St. N., Hamilton, Ontario.

"For over a year the rheumatic pain in my arms was so bad I was up nearly all night in misery, waking around trying to tire myself out enough to sleep. Finally started taking Sarnak and within two weeks—what a difference! No more waking at night, no more unpleasant attitude to my family and friends."

"I feel so much better now. I wish you every success and anyone hope other people will derive as much benefit from Sarnak as I have. I've told all my friends about it!"

MRS. A. FERRIS

That's the way it goes with so many who give Sarnak a chance to help them. Sarnak acts fast to bring you relief from nagging, rocking pains of this type because it is so liquid form, no tablets or pills to dissolve in the stomach. Sarnak starts its effective relief from the moment you swallow the first dose. No give a chance to help you, too—get Sarnak today.

SAVEMOR STORES

MARY MARGARET

Parents Travel to Coast For Daughter's Wedding

From their home in Delburn, Mr. and Mrs. Nicholas Kohnik travelled to Vancouver recently for the marriage of their only daughter Mary Margaret.

Guardian Angels Church was setting for double ring ceremony in which Miss Kohnik, became bride of Ernest Francis Delbert son of Mr. and Mrs. W. Delbert of Vancouver. Rev. F. A. Clinton officiated.

Fashioned on princess lines, bride's gown was of Irish lace over white satin and featured long train, long skirt. Zircos fastened front of bodice which was designed with empire neckline. Her finger tip veil of illusion misted from coronet of seed pearls embroidered on lace over satin. She carried red roses and white chrysanthemums.

BROTHERS USHERS
James Carr was best man. Alvin and Lee Delbert were ushers. Wedding breakfast followed ceremony and reception was held in evening at "The Hollies."

For travelling to Banff and eastern points, Mrs. Delbert changed to navy suit with matching accessories and white velvet hat. White orchid corsage complemented her ensemble.

Rainbow Hard Sauce

Divide hard sauce in three parts. Colour one part pale pink, one pale green, and leave the other plain. Dip a small loaf pan with waxed paper or aluminum foil. Spread in 1/2-inch layers; chill each layer before adding next. Sliced hard sauce looks like brick ice cream. Serve with plum pudding.

Spring Blossoming In Montreal Show

MONTREAL (CP)—Costume for men highlight the current collection of spring and summer sportswear being shown during fashion week in Montreal.

burlesque share the fashion spotlight, all in vibrant colors—lead them, and a three-piece outfit of bright yellow blazer gets the theme for holiday clothes. A new cotton fabric—plaid—ironing, makes its appearance in a purple skirt with cummerbund waistline, topped off by a yellow blouse with drawstring sleeves.

"Swell Idea!"

I'm ready for a cup of tea, too"

Whenever you meet — wherever you are — tea with a friend or two — so simple, so cheery.

Have it every afternoon at home or in any restaurant.

TEA TIP: Tea in restaurants is freshly made to your order. For best flavor let it stand a while.

Mrs. W. R. Low will sell home-

Guiders Honor Margaret Woodcock

To honor Miss Margaret Woodcock of Calgary Catholic Girl Guiders held a breakfast meeting at the Seven Stars recently.

Miss Woodcock is Provincial Girl Guide Convenor of the Catholic Women's League.

After the breakfast, there was a discussion regarding ways and means of furthering the movement among young Catholic girls and problems confronting Guiders.

Among those present were Mrs. C. Kehoe, Commissioner of the Northeast District of Edmonton and Mrs. G. Rhyas, Edmonton District Commissioner.

An average man usually can work at the rate of about a tenth of a horsepower with his arms, but a powerful athlete can, in spurts of a few seconds, develop as much as two horsepower.

Miss Tapio Pledges Vows In Millet Recently

MILLET, Nov. 30.—Traditional white satin enhanced with lace trimming was chosen by Phoebe Tapio for her wedding gown when she exchanged marriage vows with Harold Nelson.

Bride is daughter of Mr. and Mrs. C. Tapio of Brighthelm and bridegroom is son of Mr. and Mrs. Harold Nelson of Millet.

Rev. M. J. Parr performed the double ring ceremony in First United Church, Westsaskatoon.

Entering the church on the arm of her father, Miss Tapio wore a white satin gown styled with lace Peter Pan collar, Her floor-length French illusion veil was held by a bouquet of lilies and satin.

Bride carried a fan of baby mums, Philip A. Nelson was his brother's best man, Bert Christensen and Arnold Van Aar were ushers.

During the signing of the register Mrs. Parr sang "Till We Meet Again."

Two attendants, Marion of honor was Mrs. H. M. Groves and bridesmaid was Ruby Jensen, both of Westsaskatoon. They were identical gowns of pink and green nylon net with matching polka bonnets. Both carried mums of baby mums.

PRETTY WEDDING was solemnized in Norwood United church recently when Marie Georgina Shaw became bride of Alexander F. Young, Miss Shaw is daughter of Mr. and Mrs. T. Shaw, Edmonton, and Mr. Young is son of Mr. and Mrs. G. Young of North Battleford.

The United States constitution originally consisted of seven articles to which there have been 21 amendments.

Canadian Oil Cos. Open New Plant

Show Great Confidence In Edmonton Area Expansion

Indicative of the general confidence held in the continued expansion of this area is the opening of Canadian Oil Companies, Limited new plant at Edmonton, announcement of which is made by C. D. Ciley, Alberta Manager of the Company.

Plans for the project were drawn by the Company's engineering department, and construction was started last spring.

Gasoline, fuel oils and motor oils are received at the plant in tank cars from the refinery and delivered to retail outlets in the district by tank truck. The plant also will supply motor oils and greases to other marketing plants of the company throughout northern Alberta.

BIG CAPACITY

Storage tanks for gasoline and fuel oils have a combined capacity of 180,000 gallons. For motor oils and lubricating oils there is another battery of storage tanks with a combined capacity of 50,000 gal-

lons. Tank cars are received on a private siding serving the plant and unloaded into storage. Modern loading racks and high speed pumps permit rapid and efficient loading of tank trucks.

The main building of steel and brick construction has a floor area of 15,000 square feet and houses offices, rest rooms, showrooms, etc. for the local staff as well as storage of oils and greases in drums and cases. Delivery trucks are garaged and repaired in a separate building.

FIRST PLANT

In 1947 Canadian Oil opened their first plant on Columbia Avenue (now 105th Avenue) just west of First Street and have served the

SERVICE manager at "Downtown Service," new White Rose station at corner of 102 street and 102 avenue is Nat. School.

customers of the company from this location until the present move to the new plant.

Referring to the early days of the Company, Mr. Ciley gives an interesting comparison. Back in 1906 there were only 45 cars registered in the whole of Alberta. In 1950 car registration reached 150,000 with 50,000 trucks also being registered.

Growth of Canadian Oil Companies Is Outlined

Growth of the Canadian Oil Companies, which joined the company as a warehouseman and driver in 1918.

Mr. Ciley spoke of the good work the staff had done in the old plant and expressed a wish that they would find working conditions modern and enjoyable in the new plant. He remarked on the tough job assignment had, and that with the new facilities they would, with ambition, find business forging ahead.

"In 1920 there were only three on the Edmonton branch staff," Mr. Ciley stated. "R. C. Koller ran the office and warehouse, a man named Jeff drove a two-horse tank truck and Mr. Webster was warehouseman and horse driver."

"I came to this province and city in 1921. It has given me great satisfaction to see the growth and development in our company and to be a part of it."

Personnel has played a great part in the company's history, pointed out Mr. Ciley. One of the first Alberta managers was C. M. Baker, who was killed overseas during the First World War. Others who helped to build the business were Alex Hodgkin, W. H. Austin and W. C. Strling who spent 31 years with the mobilization.

company, all in Alberta. "Originally there were two divisions of the business in the province, one in Edmonton and one in Calgary," the manager stated. "Later these divisions were merged with headquarters at Calgary."

TRIBUTE

In summing up his speech, Mr. Ciley said, "Our marvelous new service station stands as a living tribute to the forethought and planning of many people in our organization. We have seen the growth of this city and some of the great oil developments that are taking place. Oil for our refinery goes now to the shores of Lake Ontario through the pipeline to Superior. Via it is then taken by tanker down the Great Lakes to be finally processed and sold in eastern Canada to people who have never used Alberta gasoline before."

Mr. Ciley brought greetings to the staff from W. H. Bea, company president; Alex Morris, vice-president; R. C. West, vice-president; and A. Lawrence, operations manager.

Big Organization

OSLO — (CP) — About five per cent of Norway's 3,000,000 citizens are involved in warden services as part of the civil defence establishment. All inhabitants may be drafted for service except men who are liable to conscription in general

Author To Sign Books

An Alberta author who has written three successful books with his feet, will appear at Edmonton today to autograph copies of his latest book.

He is William H. Watson of Calgary, who has been without the use of his hands and arms since birth.

His latest book, now on sale, is a story of Canada's scenic wonders, entitled "And All Your Beauty."

entitled "And All Your Beauty."

TRAILER TOUR

Author Watson made an extensive trailer tour of Canada with his wife and family to gather the material.

Mr. Watson lived in Edmonton from 1923 to 1933 and is a graduate of the University of Alberta. Other popular books written by the handicapped author are, "My Desire" and "I Give You Yesterday."

Weights of horses is measured in hands and their weight in stones, with one stone equalling 14 pounds.

Now Serving the Great North West

A new distributing depot for

WHITE ROSE PETROLEUM PRODUCTS

C. D. CILEY
Divisional Manager
Calgary

G. R. ARCHIBALD
District Manager
Edmonton

FRANK TIBLE
Warehouse Supt., Edmonton

Marking another step forward in the extension of its service in Alberta, Canadian Oil Companies, Limited has opened a new distributing depot at Edmonton. A photograph of the main building appears above. Back of it are storage tanks for gasoline, motor oils, lubricating oils and fuel oils with a combined capacity of 270,000 gallons.

A private railway siding facilitates delivery of the company's products to the plant. Modern loading racks and high speed pumps permit the rapid and efficient loading of tank trucks. A separate building houses an up-to-date repair shop and garage for the company's trucks and cars.

Canadian Oil Companies, Limited has confidence in the future of Alberta and the Edmonton area. The opening of this new plant is tangible evidence of the extent of this confidence. Through the retail outlets which will be supplied from this plant we look forward to ever-increasing opportunities of serving car owners and operators of other automotive equipment.

As the great North West grows, so may we all prosper together!

Service Station Opens In City

Specialized Attention Is
Promised to All Customers

Opening of "Down-Town Service," the new White Rose station situated at the north-east corner of the intersection at 102nd Street and 103rd Avenue, places one of the most modern stations in Alberta at the service of Edmonton motorists.

The public here will find not only all the usual facilities but also specialized attention with respect to wheel alignment and wheel balancing. The newest-type equipment procurable for this work has already been installed and specially trained operators will be constantly at the service of motorists.

LESSEES

J. R. (Johnny) MacDonald and Harry Stapleton, the lessees, are widely known and have many friends throughout the Edmonton district. Johnny MacDonald has a long record in the automotive business and has had considerable experience in service station work and allied activities. Harry Stapleton has a background of seven years in top-rank automotive service work, serving in the capacity of head mechanic and making a specialty of "tune-up" work.

Matt Schoof, the Service Manager, also is a well-known figure in Edmonton automotive circles, having been associated for the past sixteen years with one of the city's major automotive distributors as shop foreman and head mechanic. Like Harry Stapleton, he also has specialized in "tune-up" work.

Stettler All Lit Up As New Neons Arrive

SETTLER, Dec. 1.—Neon signs are all the go in Stettler this year with new ones being put up almost weekly.

Latest to apply for permits for neon signs are People's Meat Market, P. Little Shoe Store, another for McTaggart Motors and window signs for Olive Implement.

With these and the lighting of the colored main street lights for Christmas, Stettler can well claim to be one of the brightest towns in the west.

They will be assisted by a competent staff, specially chosen to assure Edmonton motorists the best possible service at all times.

Refinery Fire Burns Half Hour At Cloverbar

A spectacular fire burned for half an hour early yesterday at Imperial Oil's big Cloverbar refinery.

The blaze described as "not serious" was caused by failure of a crude oil pipe on one of the three cracking furnaces.

Damage has not yet been assessed, said Superintendent H. H. Moor.

The fire was brought under control by fire fighting facilities at the plant manned by the crew on duty. Latest types of oil fire fighting equipment were used, including carbon dioxide foam, foamster and steam.

The damaged furnace will be out of operation for several days. Flames, breaking out at 4:30 a.m., soared high in the air and could be seen across the river in the Highlands district. No one was injured in the blaze.

Largest marine insurance payment is believed the \$100,000 paid to the stranding of the Magdalen off Rio De Janeiro in 1948.

Plans for \$18 Million Refinery Announced

Plans for the construction of an \$18 million refinery to process Alberta crude to be built at Froomfield, Ontario, by Canadian Oil Refineries, a subsidiary of Canadian Oil Companies, have been announced by W. Harold Rea, president.

With construction scheduled for an early start, the new plant is expected to be in operation by April 1952. Stone and Webster Engineering Corporation have been appointed project managers.

The refinery, which will be one of the most modern of its size and type in Canada, will include a combined atmospheric and vacuum distillation plant with a capacity of 20,000 barrels of crude per day; a catalytic reforming installation to upgrade low-octane gasoline into high-quality motor gasoline; a catalytic cracking unit to convert intermediate and heavy distillates into high-quality gasoline and light fuel oil; an installation to produce desulfurized fuel gas; a catalytic polymerization unit to convert propylene and butylene re-

duced from the cracking gases into a high-quality gasoline constituent; and fractionators to produce butane and commercial propane liquefied petroleum gas.

Storage tanks holding 600,000 barrels, or 31,500,000 gallons, of crude oil and gasoline, will be erected at Froomfield to augment present 385,000-barrel capacity there. In addition, retention of tankage facilities at Petroliu will provide a further 435,000-barrel accommodation for crude oil for the new refinery's use after lake navigation closes each year, and to allow for shipment to tank cars and trucks in winter.

Spring, summer, and fall deliveries of finished products will be made by the company's tanker, the John Irwin, from terminals at Hamilton, Toronto, Fort William and Parry Sound. Docking facilities at Froomfield will permit simultaneous berthing of a crude oil tanker and the product tanker. A slitting facility for plant will have loading capacity for 50 railway tank cars. Loading facilities for tank transports will also be provided.

Livestock

EDMONTON, Dec. 1.—Total receipts: cattle 460, calves 160, hogs 180, sheep 62.

Friday's cattle market went off fairly steady to firm under normal receipts. Marketing sales were comprised mostly of plain stocker type cattle and cows. A few better quality steers and heifers sold at firm values. There was a good demand and all classes were readily cleared in active trading.

Good to choice steers sold from \$14.00 to \$16.00 and top choice heifers sold yesterday at \$20.00. Heifers were a little stronger with a few sales up to \$20.00 medium to good steers \$22.50 to \$24.50. Good cows \$18.00 to \$20.00. Medium and all classes were readily cleared in active trading.

Valves were unchanged, good handweights 26.00 to 28.00, choice lightweights 29.00 to 30.00, odd fops lightweights up to \$10.00. Hogs higher, grade A for shipment closed at \$20.00, good 19.00 and thin 14.50 to 15.00.

Lamb sales, good handweights bringing \$20.00 to \$28.00 or off, and to \$20.00 off price. Duck lambs discounted 1.00 per cwt.

Quotations are as follows: Choice fed calves 25.00 to 27.00, Choice steers 25.00 to 27.00, Good steers 23.00 to 25.00, Choice cows 23.00 to 25.00, Good cows 21.00 to 23.00, Choice heifers 23.00 to 25.00, Good heifers 21.00 to 23.00, Choice calves 23.00 to 25.00, Good calves 21.00 to 23.00, Choice lambs 23.00 to 25.00, Good lambs 21.00 to 23.00, Choice hogs 23.00 to 25.00, Good hogs 21.00 to 23.00, Choice sheep 23.00 to 25.00, Good sheep 21.00 to 23.00.

HEATER CORD DANGER SCORED BY HAWRELAK

Acting Mayor Bill Hawrelak today appealed to citizens to refrain from connecting electric car heaters across sidewalks.

"We have had several complaints about this dangerous practice, and hope it will be discontinued before someone is badly hurt," he said.

While no serious accidents have yet occurred, he pointed out the cords obstruct pedestrian traffic "and are dangerous to all concerned."

ETS Starts Xmas Runs

Edmonton transit system patrons were today asked to familiarize themselves with departure times at transfer points, to take full advantage of special Christmas shopping service now being provided.

Superintendent Tom Ferrier, the suggestion "to make sure they allow sufficient travelling time from shopping district to transfer point."

Special shopping service is now being provided on all bus routes between 9 a.m. and 4 p.m. and extra street cars and coaches have been placed in operation on all lines.

"Enjoy shopping during comparatively quiet morning hours on Monday, Tuesday and Wednesday. Shoppers should be on their way out of the city centre before 9 p.m.," said Mr. Ferrier.

Correct information on all ETS schedules is available 24 hours a day by phoning 71066.

Copyright Fee Plan From Radio Meets Delay

OTTAWA, Dec. 1 — (CP) — A new organization, which a month ago announced its decision to seek copyright fees from radio stations and places of entertainment, has withdrawn the list of fees it submitted to the secretary of state for approval by the copyright appeal board.

The organization—La Federation Des Auteurs Au Canada (Federation of Canadian Authors)—has withdrawn the list of fees it submitted to the secretary of state for approval by the copyright appeal board.

The mountain passes between India and Tibet are from 14,000 to 18,000 feet altitude.

Municipal Taxes Cut Recommended

Premier Urges Joint Meetings Between Gov't, Municipalities

(See other story on Page 18)
Strong recommendation for a cut in municipal taxes was made by Premier E. C. Manning when he addressed the Social Credit convention here today.

"Notwithstanding substantial increases in grants received by municipalities from the provincial government, municipal taxes have increased steadily over the past years," the premier said.

If the increase in provincial grants continues, municipalities should begin an easement on the taxes, he said.

He suggested joint conferences between provincial and municipal officials to work out ways in which municipal taxes could be cut, and recommended "holding down" of municipal spending by local municipal authorities.

The premier said \$17,107,000 was being paid to municipalities this year in the form of provincial government grants—an increase of \$12,300,000 over the amount paid five years ago.

One-third of provincial general expenditure is being paid to municipalities this year, including \$8,400,000 for education, nearly \$2,000,000 for public health, \$3,400,000 for public works and \$3,160,000 for public welfare.

In other convention business this morning, Social Crediters approved resolutions asking increased medical allowances, free hospitalization for cancer patients, and use of an Alberta slogan on licence plates.

Recommendation for the free distribution of cannabis was dropped when Health Minister Cross said the drug is not entirely safe.

\$2,500,000 Plan For Apartments Ok'd at Coast

VANCOUVER, B.C., Dec. 1 — (BU) — A 18-acre low-rental housing project for Vancouver costing \$2,500,000 was approved in principle by city council yesterday.

Construction of 27 apartment blocks in the Little Mountain district, will get underway in April as the first part of the scheme.

The federal government will bear 85 per cent of the cost, the provincial government 15 per cent while Vancouver will make good 23 per cent of any loss incurred.

East Club Plans Russ-Language, Anti-Red Paper

TORONTO, Dec. 1 — (CP) — A Russian-language weekly paper is planned by a Toronto club organized to fight the teachings of Communism. The paper is to be distributed throughout Canada.

Dr. Boris P. Skey, Russian-born founder of the club, said in an interview that the paper will "promote understanding of the viciousness of Communism and show how it poisons the minds and souls of people."

The editor will be M. D. Mamulor, who came to Canada about a year ago and who has already put out three editions of such a paper.

The "key men" of the SIGNALS

Because its job is communications—radio, electronics, telephony—the work of the Royal Canadian Corps of Signals is vital to the Canadian Army Active Force. Today—when the Canadian Army is growing rapidly to forestall any threat to our freedom—the Signals Corps must grow too.

Men are needed urgently to begin training immediately as Signals Corps operators: young men, quick-thinking, eager to master the skills that Signals operators must have.

The Canadian Army needs more men now. Signals must have more operators today! There's a place for you in this all-important corps. Canada needs you now! Report immediately for Active Force duty with the Royal Canadian Corps of Signals.

TO ENLIST YOU MUST:

1. Be a Canadian citizen or British subject.
2. Be between 17 and 29 years of age.
3. Be single.
4. Meet Army test requirements.
5. Volunteer for service anywhere.

REPORT RIGHT AWAY TO:

No. 10 Personnel Depot, Currie Barracks, CALGARY, ALTA.

Headquarters, Western Command, Kingway Ave., EDMONTON, ALTA.

Help make Canada strong
JOIN THE CANADIAN ARMY ACTIVE FORCE NOW!

For sparkling entertainment, listen to "The Voice of the Army"—Wednesday evenings—Denison National

THE PICTUREQUE CIRCLE N RANCH

Overlooking Beautiful Saskatchewan River Valley
5 nicely treed and well cared for acres on a
high plateau, laid out like a park containing bar-
becue pit, fish ponds, garden furniture and all
kinds of perennials, fruit trees (really delicious
plums) and shrubs, neat, clean barn for saddle
horses, double car garage, work shop and even
a house for Bingo. This is the home for a person
who wants to enjoy the luxurious gifts of nature,
the restful peace of the great outdoors and all
its beauty and yet the modern comfort of the
city. It will take you 5 minutes longer to get
home on this all weather road but it will be a
home that will give you far more than shelter.
The children will love it, they can have horses
and pets of all kinds, camp by the river, wicker
roasts in the evenings. Owner transferred, must
sell for \$27,000. See it at 13412 - 86 Avenue,
and buy it. You'll love it and the family will love
it and you will not have to go away for a holiday
again.

IN THIS CASE LONG PARKING WAS OKAY

DES MOINES, Ia., Dec. 1.—(CP)—Miss Robinson of Minneapolis, Ia., told Municipal Judge Charles S. Coover that he was taking an army physical examination when police tagged his car for overtime parking.

"Did you pass?" Coover asked Robinson yesterday.

"I sure did," Robinson replied.

Case dismissed," said the judge.

North Hunter Is Missing

GROSVILLE, Dec. 1.—Search is under way in the heavy bush country in the White Mud district south of Little Smoky River where a hunter of Grosville who has been missing since Saturday when he left on a two-day hunt.

Grosville is about 220 miles northwest of Edmonton in the Peace River district.

Group of Grosville residents led by RCMP officers from Medicine Hat have been searching the bush for five days but have found no sign of either the hunter or the Chevrolet truck he was driving at the time of his disappearance.

Preventer left his home Saturday morning in his truck for a weekend of big game hunting.

Upon his failure to return home Sunday night, an alarm was given to RCMP and local citizens for help.

Preventer is married and has two young children. He is employed as grain buyer for Midland and Pacific Grain Company in Grosville. He has been a resident here since 1945.

Coast Trucks Get \$6,600

VANCOUVER, B.C., Dec. 1.—(UPI)—Two armed bandits upped a hotel owner in downtown Vancouver today and stole about \$6,600 from him.

The robbery occurred as Max Garlin, owner of the Cecil Hotel was returning to the hotel from the bank.

Two men leaped out of a car and one stuck a pistol in his back while the other struck him in the face.

According to Hotel Manager Andrew Lawry, a third man remained in the automobile and kept the motor running.

Garlin had taken about \$6,600 in bills and \$600 in change out of his bank. The money was to be used as cash customers' cheques today, the first of the month.

Congregation Plans Service

Pro-Church Sabbath service of the Beth Shalom congregation here will be held this evening in the Talmud Torah building, 103 Street, at 8:15.

This was announced today by Rabbi H. Leon Hurwitz, who the service will deliver his sermon on a review of an address given by Maurice Samuel here recently.

Sabbath Chancery services will be held Friday, Dec. 8.

Europeans Said Afraid of Russia

Little West Europe Support Seen If Far East Erupts

By Wes Gallagher
FRANKFURT, Germany, Dec. 1.—(AP)—Any drastic American steps against Communist China which would risk war with Russia—such as bombing Manchuria or using the atom bomb—seem likely to win little European support.

The plan fact is that Western Europeans are scared—and with good reason. Russian armies, backed by 1,500 planes, are intelligently sources estimate are ready to strike at any time. Military men agree these armies could overrun continental Europe almost at will.

The plan fact is that Western Europeans are scared—and with good reason. Russian armies, backed by 1,500 planes, are intelligently sources estimate are ready to strike at any time. Military men agree these armies could overrun continental Europe almost at will.

If Europe was able to protect itself, the answer might be different. But there is little prospect of such ability being.

At present, the only hope for Europe is the American proposal to incorporate Germany into a European army, on a basis which many Germans feel is discriminatory, have aroused German resentment. In three state elections in the American zone, the anti-rearmament Socialists have made marked gains.

JUNGLE WAR
France, involved in a jungle war in Indo-China, has been unable to strengthen her European defence.

Military experts have estimated that a minimum of 35 air-supported divisions is necessary to hold a Russian attack. They say 45 well armed divisions would deter an attack in the first place.

Western military men have been aiming at a minimum of 35 fully-equipped divisions for defence of the Rhine line by 1953. There are nine divisions of allied troops now on hand between the Soviet armies and the Spanish frontier.

Labor Wins 2 Elections

LONDON, Dec. 1.—(CP)—With a second bye-election victory in a dispute between the House of Commons and six today when Eleven Williams won the parliamentary seat of Aberystwyth in Wales.

The Aberystwyth victory followed another labor win when Anthony Wedgwood Benn took the Bristol Southeast seat yesterday. It was left vacant when Sir Stafford Cripp resigned.

In Aberystwyth, Williams polled 34,622 votes while his Conservative opponent, Richard Bird, 29-year-old London lawyer got only 3,809.

The Aberystwyth election was caused by the death of George Dwyer, labor member for 21 years. Dwyer won the February election with a majority of 25,506.

Wage Increase Is Accepted By Steelworkers

PITTSBURGH, Dec. 1.—(AP)—The United Steelworkers (CIO) yesterday accepted an average 16-cent-an-hour wage increase for its 150,000 employees of United States Steel Corporation.

At the same time, U.S. Steel announced that steel prices will be increased about 5½ per cent due to higher labor costs.

The wage increase, effective today, is expected to set a pattern for the entire steel industry employing about 1,000,000 U.S.W. members.

The wage offer will boost steelworker average earnings to \$1.98 an hour.

Mother Attends Sons' Funeral Under Escort

WINNIPEG, Dec. 1.—(CP)—A 26-year-old mother yesterday attended—under police escort—the funeral of her two young boys.

Robert William Heywood, 36, and Daniel Gordon Heywood, 30, suffocated in their beds Sunday when a fire started in their home.

The mother, Mrs. Leonora Heywood, is held on a coroner's warrant. Her husband, William, 29, was released on \$2,000 bail. No charges have been laid.

The mother, Mrs. Leonora Heywood, is held on a coroner's warrant. Her husband, William, 29, was released on \$2,000 bail. No charges have been laid.

Fire at Oil Well Dies

The "baby well" in the Red-water oil field gave up its fight against man today and died suddenly with water spewed from the wellhead.

The Imperial Simons No. 36 had been burning wildly for three days from a surface gas pocket, when the water put out the 50-foot flames.

Oil workers had expected it would take another couple of days before they would be able to complete a relief well, through which mud would be poured to cut off the gas feeding the flames.

Now they will likely spend a new well nearby after completing the relief well and cementing in the Simons No. 36.

CARACAS, Venezuela, Dec. 1.—(AP)—Two bandits attacked a finance ministry courier in front of the post office in downtown Caracas yesterday and escaped with 40,000 bolivars (about \$12,000).

Emigration Talks Welcome Claims U.K. Secretary

LONDON, Dec. 1.—(Reuters)—Britain would welcome talks on emigration to Canada if Canada would initiate them, Patrick Gordon-Walker, communications relations secretary, told the House of Commons yesterday.

Ronald Hensell, Conservative, had asked what discussions the government had had with Canada on the falling off in British emigration to Canada in recent years.

Gordon-Walker replied there had been none.

The TOTAL COST FOR EACH MEMBER OF AN EDMONTON BULLETIN READER-FAMILY IS THE ANNUAL REGISTRATION FEE OF \$1 or \$1.25

ACCORDING TO THE AGE GROUP in the EDMONTON BULLETIN'S TRAVEL ACCIDENT INSURANCE POLICY

\$5,000

With ONE subscription, every member of an Edmonton Bulletin reader-family can be covered under the terms of the Bulletin's remarkable Travel Accident Policy. The total cost for each family member so covered by the policy is merely the annual Registration Fee of \$1 or \$1.25 according to the age-group, not including those who have lost an eye, hand, foot or limb. All Bulletin subscribers are invited to extend the coverage of this noteworthy policy to additional members of their families now!

THE ONLY COST: NO EXAMINATIONS or RED TAPE

The Bulletin's Travel Policy is notably free from technicalities and its soundness can have no better guarantee than that it is underwritten by the provisions of an extra safety to those protected under its provisions against the financial hazards of traffic accidents. There is every reason why ALL Bulletin subscribers should enjoy this protection.

Parade Broadcast

Public Service
For shuttles and country children who can't attend the parade... keep your radio dial tuned to CQWA or CHFA for an on-the-spot commentary on the parade. The broadcasts will start at approximately 10:35 a.m. Saturday, December 2nd.

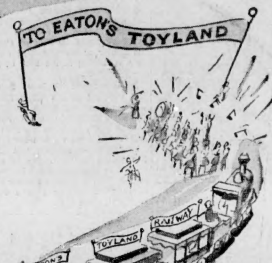

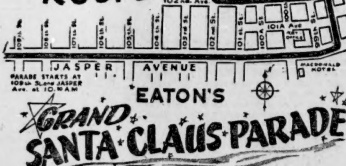

With His Fabulous Toyland Parade!

Thrill to the Magic of Fairytale Land Unfolding Before Your Very Eyes! Hear the Music! See the Colourful Floats! And Best of All—Santa Claus In Person!

Oh, boy, what a parade it's going to be! Bands, clowns, funnies, floats! There'll be so much to see... cute little Punkinhead... lovely, super-duper people from the Story Books... Mother Goose... Ten Little Indians... Snow White and the Seven Dwarfs. Then, right at the very end, that thrilling team of Reindeer and jolly old Santa! He'll be chucking in his beard and throwing kisses and he'll be just so excited to see all your happy little faces. It's going to be a big day, so get Mommy to bundle you up really warm and get to the parade early—so you won't miss a single solitary minute of it! Tell her to note the slight change in the route from last year, and to explain to you exactly where to be... and at what time! Parade Starts 10:30 a.m.

THE ROUTE

Santa has been so busy getting the parade ready, he'll want to rest after the big parade—but he will be in Toyland bright and early MONDAY, DEC. 4th! His hours will be 9:30 to 11:30 in the morning and 2 until 4 in the afternoon with the exception of Wednesday when he'll be there from 9:30 until 11:30. Every child who visits Santa will receive a copy of the "Punkinhead" book and a bag of candy!
